Ed Shadle, Steve Wallace and Keith Zanghi of the North American Eagle Team

The North American Eagle World Land Speed Record Challenger

The North American Eagle is a car that has been built to break the 763 mph world land speed record. Based in Spanaway WA, the 56 foot long, 42500 hp vehicle is leading the world in many technologies and the use of advanced materials. The project has been featured worldwide in over eight television documentaries, The Tonight Show, LIVE! With Regis, and hundreds of newspapers and magazines! It is also the subject of an upcoming Sundance Film Festival short documentary.

* Keynote presentation begins at 6pm

exhibits

Suppliers of materials, tooling, manufacturing, and processing equipment and services for composite and related industries will be on hand with tabletop displays. Come and see the latest and greatest in new developments! Talk with experts, and get questions answered and your materials and process problems solved.
